

WHEATENS IN NEED

Rescue Organization

WIN

TRANSFER AGREEMENT

Wheatens In Need (WIN) has been organized to preserve and protect Soft Coated Wheaten Terriers. Occasionally a Wheaten may be unsuited to his/her current owners and a new permanent home is needed. WIN Rescue agrees to provide daily care including food, water, shelter and veterinary care as needed while placement is sought.

The present owners, undersigned, agree to transfer ownership of their Soft Coated Wheaten Terrier **and to relinquish all rights**, the AKC registration certificate, veterinary and health records, and any additional information concerning the Dog to WIN Rescue. **If this dog has a history of biting, this must be disclosed to WIN in detail.**

1. WIN Rescue will own the Dog prior to placement. **(Dog will not be returned to surrendering owner).**
2. The temporary (WIN) owner has full authority and intent to transfer the Dog without any consent of the surrendering owner.
3. No guarantee can be made as to WIN Rescue's ability to place the Dog.

The AKC Certificate must be turned over and the back signed at the time of the transfer. The surrendering owner understands that he/she is giving up any and all interest in the Dog at the time of signing this Agreement.

A copy of this agreement, with the owner's name blocked out, will be given to the adopter so that he knows Rescue has authority to do this, and what information Rescue has about the Dog. **It is understood that no information on the Dog's new home will be given to the surrendering owner, nor will the new owner be given the information of the surrendering owner.**
